**NOTICE OF REGISTRATION (NOR) RECEIVED**

NOR Rec: August 2, 2010

NOR Complete: August 10, 2010 By: <sup>4mg</sup>Heather Griffin

County: Tallapoosa (123)

NPDES #: ALR16EFT5

Expiration Date: August 9, 2011 Disturbed Acres Registered: 4.9

Registrant: Tallassee Waste Diposal Center, Inc. Facility/Site: Stone's Throw Borrow Area

This is to acknowledge receipt of the Notice of Registration (NOR) requesting National Pollutant Discharge Elimination System (NPDES) registration under ADEM Admin. Code Ch. 335-6-12 for discharge of treated stormwater from regulated construction, nonmetallic, noncoal mining, dry processing, and related activity, for the above-referenced facility which was received by ADEM on the date indicated above.

It remains the responsibility of the operator to ensure that information submitted in the NOR, including any attachments, is true, complete, and accurate in order for the registration to remain in effect. Failure to ensure that the site/activity remains in full compliance with all provisions of the rules may result in suspension, termination, and/or subsequent denial of the request for registration. Please be advised that the registrant, operator, owner, developer, home builder(s), property owners association, etc., separately or collectively, must retain registration until all regulated disturbance activity is complete. The rules, forms 498, 499, 500, & 501, registration fee schedule, the *Alabama Handbook* BMP document, example site identification sign, qualified credentialed inspection program (QCIP) description, and other helpful information can be viewed or downloaded from the ADEM WebPage at <http://www.adem.state.al.us/programs/water/constructionstormwater.cnt>

Registration does not authorize the discharge of any pollutant or wastewater to a receiving water not specifically identified in the rules or in the submitted NOR. Should a need for the registration of an additional discharge(s) or increased acreage under the rules occur, the registrant must submit a complete NOR to ADEM requesting modification of the registration prior to the commencement of additional disturbance or discharge(s). Required inspections must begin immediately following commencement of activity authorized under this registration and continue until registration is properly terminated. Results from the required inspections should be reported on ADEM Form 500. A copy of Form 500 is attached for your convenience.

Compliance with all provisions of ADEM Admin. Code Ch. 335-6-12 and this registration is required, including but not limited to, the full implementation and regular maintenance of effective Best Management Practices (BMPs), prior to and concurrent with the commencement of regulated activities, the submittal of required reports, and the preparation and implementation of a construction best management practices plan (CBMPP) and any other plans as may be required. The required, comprehensive CBMPP shall comply with ADEM Admin. Code r. 335-6-12-.21. An example CBMPP template is located on the ADEM webpage at <http://www.adem.state.al.us/programs/water/constructionstormwater.cnt> for your convenience.

This registration neither precludes nor negates an operator's responsibility or liability to apply for, obtain, or comply with other ADEM, federal, state, or local government permits, certifications, licenses, or other approvals.

The Department encourages you to voluntarily consider additional pollution prevention practices/alternatives as part of your implemented best management practices (BMPs) which may assist you to possibly reduce or eliminate pollutant discharges.

If you have any questions concerning your registration, please contact the Montgomery office at (334) 271-7700.

II. LEGAL STRUCTURE OF REGISTRANT

☐ Corporation ☐ Individual ☐ Single Proprietorship ☐ Partnership ☒ LLC ☐ LLP ☐ Government Agency ☐ Other \_\_\_\_\_  
☒ Yes ☐ No If not an Individual or Single Proprietorship, registrant is properly registered and in good standing with the Alabama Secretary of State's office. If "No", please explain:

III. ACTIVITY DESCRIPTION & INFORMATION

County(s) Tallapoosa Township(s), Range(s), Section(s) 18N, 22E, 26 & 27  
 Directions To Site From I-85 North, take HWY 49 north to Washington Blvd., left 1.5 miles

Yes No Is/will this facility:  
 (a) ☐ ☒ an existing site which currently discharges to State waters? Yes No  
 (b) ☐ ☒ discharge to waters of or be located in the Coastal Zone?  
 (c) ☒ ☐ a proposed site which will result in a discharge to State waters? (d) ☐ ☒ be located on Indian/ historically significant lands?

IV. PROPOSED SCHEDULE - Used to determine potential registration duration & applicable fee amount, considering responses to Item VIII.

Anticipated Activity schedule: Commencement date: 07/31/2010 Completion date: 12/15/2010  
 Area of the Registered site: Total site area in acres: 4.9 Total disturbed area in acres: 4.9

V. VIOLATION HISTORY

Identify every Notice of Violation (NOV), Administrative Order, Directive, or Litigation filed by ADEM or EPA during the three year (36 months) period preceding the date on which this form is signed issued to the operator, owner, registrant, partner, parent corporation, subsidiary, LLP, or LLC Member. Indicate the date of issuance, briefly describe alleged violations, list actions (if any) to abate alleged violations, and indicate date of final resolution:  
See attached.

VI. MAP SUBMITTAL

☒ Yes ☐ No A 7.5 minute series USGS topographic map(s) or equivalent map(s) is attached according to the instructions beginning on Page 3. If "No", explain:

## VII. PROPOSED ACTIVITY(S) TO BE CONDUCTED

If Non-Coal, Non-Metallic Mining, Recovery, or Construction Material Management Site: ☐ Dirt-Chert ☐ Sand-Gravel ☐ Shale-Clay  
☐ Crushed-Dimension Stone ☒ Other soil ☐ Other \_\_\_\_\_ ☐ Other \_\_\_\_\_  
 Primary SIC Code 1499 Brief Description Construction, Noncoal Mining, or Materials Management Activity:  
Soil borrow pit

## VIII. RECEIVING WATERS

List name of receiving water(s), latitude & longitude (decimal or deg,min,sec) of location(s) that run-off enters the receiving water, total number of disturbed acres, the total number of drainage acres which will drain through each treatment system or BMP, and the waterbody classification. **If receiving water is designated as ONRW and/or Tier 1 waterbody, attach/submit copy of CBMPP.**

| Receiving Water                     | Latitude    | Longitude   | Disturbed Acres | Drainage Acres | Waterbody Classification | ONRW<br>Y or N | TIER 1<br>Y or N |

## IX. MODIFICATION &amp; RE-REGISTRATION - CONTINUING EDUCATION &amp; INSPECTION INFORMATION

☐ Yes ☒ No Required inspections/monitoring by QCP/QCI have been performed and records retained. If "No", explain:  
New NOR  
 List name(s) and designation/certification #s of QCPs/QCIs that performed required inspections/monitoring:

## X. QUALIFIED CREDENTIALLED PROFESSIONAL (QCP) CERTIFICATION

"I certify under penalty of law that a comprehensive Construction Best Management Practices Plan (CBMPP) for the prevention and minimization of all sources of pollution in stormwater and authorized related process wastewater runoff has been prepared under my supervision for this site/activity, and associated regulated areas/activities, utilizing effective BMPs from the Alabama Handbook For Erosion Control, Sediment Control, And Stormwater Management On Construction Sites And Urban Areas, Alabama Soil and Water Conservation Committee, as amended (ASWCC). If the CBMPP is properly implemented and maintained by the registrant, discharges of pollutants in stormwater runoff can reasonably be expected to be effectively minimized to the maximum extent practicable according to the requirements of ADEM Administrative Code Chapter 335-6-12. The CBMPP describes the pollution abatement/prevention management and effective structural & nonstructural BMPs that must be fully implemented and regularly maintained as needed at the registered site in accordance with sound sediment and erosion practices to ensure the protection of water quality."

V. Violation History

Stone's Throw Landfill (Tallassee Waste Disposal Center, Inc.) was issued a NOV on October 29, 2007, for the unapproved placement of a special waste in the lined MSW cell at the Stone's Throw Landfill. The facility responded in a November 28, 2007 letter to ADEM. Stone's Throw followed the recommendations listed in the November 2007 letter and ADEM issued the special waste approval for this material and the facility continues to accept this material. No fines or other enforcement actions were taken on this violation and the matter is considered as resolved with ADEM and Stone's Throw.
